

Teachings of the New Church

The alternations with those who are to be regenerated are likened to cold and heat, but the alternations with those who have been regenerated are likened to summer and winter. That in the former case one who is to be regenerated is treated of, and in the present case one who has been regenerated, is evident from this, that in the one case cold is named first, and heat second; whereas in the other case summer is first named, and winter second. The reason is that one who is being regenerated begins from cold, that is, from no faith and charity; but when he has been regenerated, he begins from charity.

Minister's prayer followed by the Lord's Prayer

Our Father, who art in the heavens, hallowed be Thy Name. Thy kingdom come. Thy will be done, as in heaven so upon the earth. Give us this day our daily bread. And forgive us our debts as we also forgive our debtors. And lead us not into temptation, but deliver us from evil. For Thine is the kingdom, and the power, and the glory, forever. Amen.

Recitation.....422

If you walk in My statutes and keep My commandments and perform them, then I will give you rain in its season, the land shall yield its produce, and the trees of the field shall yield their fruit. Your threshing shall last till the time of vintage, and the vintage shall last till the time of sowing; you shall eat your bread to the full, and dwell in your land safely. I will give peace in the land, and you shall lie down, and none will make you afraid; I will rid the land of evil beasts, and the sword will not go through your land.
